AND MUCH MORE!

HUB4NGI

HUB4NGI IS A COMMUNICATION AND COORDINATION HUB AT THE SERVICE OF THE WHOLE COMMUNITY

A team of committed and competent people

A common place for sharing resources, news, tools, know-how and ideas to

- Contribute to ground the NGI vision, defining research scope and priorities, building the community and engaging key player
- Facilitate contributions to the NGI from technological opportunities arising from cross-links and advances in various related R&D fields
- Contribute to the NGI roadmap definition to help shaping and defining its future

ONGOING Activities

- Encourage engagement of top-notch Researchers and Innovators
- Help growing the NGI ecosystem by embracing relevant R&D initiatives
- Contribute to shape the NGI R&D agenda and methodologies
- Facilitate exchange and promotion of know-how across the community
- Assist in the coordination of strategic and technical activities

HUB4NGI

MAPPING NGI
EFFORTS ON A
PAN-EUROPEAN
LEVEL

The NGI Interactive Map

- Online map of relevant NGI organizations
 - Help and foster collaborations between EU actors
 - Facilitate engagement of all target stakeholders
- Key projects and actors relevant to NGI should include:
 - Research centres, national public research funding organizations, SMEs, start-ups, NGOs, corporates, incubators, accelerators, investors, influencers, co-working spaces, etc.
